

The
28th Walk
will be held in
Central Park,
NYC
on
Saturday,
April 23,
2022
(rain or shine)

Much has changed in the past two years since we last walked side by side due to the pandemic. Still, we look forward to uniting safely together again, guided by rules and regulations outlined by the Government of New York City and the Centers for Disease Control and Prevention (CDC).

We are committed to providing a safe and empowering day for the greater Parkinson's community.

What steps are we taking to keep attendees safe?

- Attendees are encouraged to wear a mask while at the Walk—visit the Giveaways tent to pick up a Unity Walk mask!
- **Masks are required at the Registration Tent. Disposable masks will be available for use.**
- We have altered the event layout to promote social distancing
- Hand-sanitizer stations will be available throughout the event
- Event signage will be implemented as a reminder for Walk participants to practice social distancing

- If you are feeling sick or have been exposed to someone who recently tested positive for COVID-19, you should stay home
- If you have underlying health conditions or are taking medications that weaken the immune system talk to your healthcare provider before attending the Walk
